Tawa Scottish Country Dance Club

AGM – 26th March 2026

January 1st to December 31st 2025 - Treasurer's Report

In 2025, the club had 40 paid up members. Overall we averaged 22 dancers per dancing night. This excludes the 'free-to-members' nights for beginners classes in July. Unfortunately we lost a couple of nights dancing though extreme weather events and we closed the club for Ngaio Club's Mid-winter Dinner & Dance, and Final Night in November. Overall the loss of eight nights' door fees was the main contributor to the club making a loss of $538.60 in 2025. The arrangement with the Bowling Club is that we pay for the hall on a weekly basis whether we use the hall or not. While ending the year with a deficit is not an ideal situation, we have plenty of backup funds in the savings account to absorb this sort of loss. We will monitor the accounts carefully over the next year, but as yet there is no need to increase door fees or membership fees.

The 2025 club accounts were reviewed and signed off by Pat Waite in January 2025.

End of Year Financial Position 2025

Current Account	$692.94
Savings Account	$18,256.17

The figures represent a decrease in both the current account and the savings account. The savings account earned $314.23 in interest. In 2025 interest rates remained comparatively high.

Income and Expenses

The main part of our income comes from

- Annual subscriptions – decrease from the previous year
- Door charges on club nights – decrease from the previous year
- Annual dance – increase from the previous year

Our main expenses are

- Weekly hire of the Tawa Bowling Club hall – same as the previous year
- Annual dance – decrease from the previous year
- Tutor remuneration – same as the previous year

Door takings

Door takings were down by nearly $1000 in 2025 compared the previous year. As mentioned above, this decrease is mostly accounted for by having more non-income nights in 2025.

The four weeks of beginners' classes in July were free for current club members to attend, and the final night was held as a donation night for Wellington City Mission Food Bank.

The amount held in the club account in roll-over 10-trips at the end of the year was $700.

Savings account

We continue to pay $20 per month into the club savings account so as to keep optimal interest payments coming in. As always, the savings account money is there for insurance against theft and damage to club property, as well as filling deficits in the current account when necessary.

Rent

The Tawa Bowling Club continues to be a great venue to dance in. The cost to hire the hall has remained the same for the last 3 years. We pay $2600 per year in three instalments.

Annual/Special Dances

Overall these collectively have run at a loss of $818.25. Most of the loss is accounted for by the annual dance which was made free to Tawa members. The loss is covered by annual subs.

Donations

In 2025 we made a donation to the Wellington City Mission Food Bank of $300 most of which was made up of donations collected on our Final Night in November.

Some of you will remember Pam Fletcher who danced with us before her stroke and died suddenly last year. Pam had just paid for a 10-trip before she had her stroke, but was never able to make use of it. After consultation with her husband, Ross, it was decided to donate $50 in Pam's name to the SPCA, a charity which she had a fondness for.

Summary

We have a good level of funds across the two bank accounts. There are no financial concerns. This will continue to be the case as long as we continue to come along and enjoy the dancing on Thursday nights and maybe even bring a friend or two.

Hilary Ferral

Treasurer, Tawa Scottish Country Dance Club

Review Report to the Members of the Tawa Scottish Country Dancing Club

I have reviewed the accompanying financial statements of the Tawa Scottish Country Dancing Club for the year ended 31st December 2025.

A Review is limited primarily to enquiries of association personnel and analytical review procedures applied to financial data and thus provide less assurance than an audit. I have not performed an audit and accordingly I do not express an audit opinion.

As with other organizations of a similar nature, control over income before it is recorded is limited, and no practical review procedures exist to determine the effect of this limited control.

Based on my review, in my opinion:

1. Proper accounting records have been kept by the Club as far as appears from my examination of those records, and;
2. Nothing has come to my attention that causes me to believe that the accompanying financial statements do not give a true and fair view in accordance with the relevant NZ accounting standards.

Patrick Waite QSM, FCA
